Installation Notes: Graphics are designed to be placed 0.25” above the bottom of the Doors and Hood edge.

Dryfitting is always recommended prior to application to become familiar with proper placement.

Tolerances of door jambs vary with each vehicle. Thus, alignment of graphics pieces may vary slightly.

Factory decals found on Front Fenders require removal prior to graphic application. Re-installation of such decals is solely by choice and not required. Decals may be relocated to a more suitable area.
