Dodge Ram Truck Body Side Graphic Kit 2 Parts List ATD-DDGERAMGRPH11

Note: Spacing of graphic kit as shown shall be performed at time of installation. Kit does not come pre-spaced.

This kit is very versatile. It has been designed to fit a wide variety of Dodge Ram models such as Regular, Quad and Mega Cab trucks with Short 6.25' and 8' Longboxes. With a little creativity, this graphic may also work with trucks that have rear Dually Fenders. Due to the wide variety of vehicle platforms this kit fits, you may find extra pieces that are not required for your application. It would be good however to keep these pieces for future use in the event replacement is necessary.

Installation Note: Graphic kit is designed so that the top of the Box Upper pieces is 1" (25.40mm) from the top of the bed sides and 5" from the rear taillight. Once these dimensions have been set, graphic pieces both above and below can be pulled forward in alignment with the Box Upper pieces.

Customers who desire to use decals such as the Mopar factory "Rumble Bee" in conjunction with this graphic set can do so by simply installing the desired decal first. Then, after the Box Upper pieces have been installed over the decals, carefully trim the graphic piece and remove the excess so as to expose the decorative decals.

Please Note: "Rumble Bee" decal is shown for illustration purposes only and is NOT provided with this kit.
