

F-150

**Ford F150 Rear Bed Side Sport Graphic Kit 1
Factory Wheelip Trim Kit
Parts List
ATD-FRDF150GRPH21**

Installation Tip: For installation of graphic kit on F-150 models with Factory Wheelip Moldings, we suggest temporary removal of the moldings. Once the main part of the graphic is installed, set the molding in place and trace lightly the upper outer edge of the molding with a pencil onto the vinyl. Then, remove the molding and proceed to carefully hand trim the graphic approximately 1/16" past the molding line. When trimmed, remove the portion of the graphic that would be under the molding.

When graphic has been removed, install molding and proceed to set this graphic trim kit onto moldings.

The reason we suggest carefully trimming the graphic back slightly from the molding is that as the vehicle is driven, slight vibrations and movement between the metal body and plastic moldings may eventually cause the vinyl graphic material to peel and fail. Thus, plastic molding to metal body connection, without the vinyl graphic between, is most desirable.

Part Number		Item		Cost
ATD-FRDF150GRPH21a		Right Bed Side Molding Trim		\$11.95
ATD-FRDF150GRPH21b		Left Bed Side Molding Trim		\$11.95

Please Note: This kit is recommended for smooth painted Factory Wheelip Molding surfaces. Premium vinyl graphic materials may not adhere sufficiently to unpainted Dark Grey molding surfaces.
