

Jeep COMMANDER

Wood Panel Graphics Kit

Very easy to
install ten (10)
piece kit.

High-definition
Wood Grain &
precut openings.

R

eminiscent of Jeep's beloved Wagoneer, our ten (10) piece easy-to-install Wood Panel Graphics kit is created specifically for the Jeep Commander. The unique three dimensional wood grain print is captured in this high-definition digital print that's capped off with a clear, high-gloss protective lamination which will protect your vehicle for year's to come. Our kit is precut and set for installation at the Commander's distinct upper body line. Pieces are contour cut and all openings are removed for ease of application - **NOTRIMMING or CUTTING** required! In fact, seasoned installers should be able to apply this kit within 1-2 hours.

Available exclusively from Auto Trim DESIGN and related distributors, kit is provided with a Five Year Limited Warranty and easy-to-follow general online installation instructions with care guide.
