Installation Tip: Other than obvious placement and fitment of some pieces, there are no measurements provided. As with most of our graphic products, we suggest dryfitting each piece prior to installation and careful reference to product image(s) to become familiar with placement.

Graphic kit is manufactured with Premium Cast "Wrap" Film material and can only be applied using a Dry Method.

On a scale of 1 to 5, with 5 being most difficult, kit Application Rating is a 4. Thus, professional assistance may be required - especially with pieces "a" and "m", along with their associated pinstripe highlight(s).

We are happy to provide application assistance during normal business hours. Never be too proud to call :).

Intermittent spacers assist with placement of highlight pinstripe. Carefully remove Spacers after successful application.
